

Shaftesbury Town Council By-election Shaftesbury West Ward

Thursday 19th November 2015

PETER CAULFIELD
Your UKIP Candidate

I am an experienced ex-Labour Party Borough and Parish Councillor with a special interest in Development Control and Environmental issues.

My son is a Police Officer, my daughter a Teacher, and I have 4 grandchildren.

I believe the wishes and wellbeing of residents are of paramount importance when considering matters regarding Shaftesbury.

All decisions should be befitting our unique and historic town. It is essential that councillors remember just who pays the local taxes.

UKIP and I believe that

- Council tax should be kept as low as possible;
- We should treasure and protect our irreplaceable heritage whilst helping job-creating businesses flourish to make a vibrant and attractive town for all;
- Green spaces should be protected by opposing too rapid expansion by large scale housing developments especially on the Green Belt;
- Bring back control of our borders and end the government's policy of open door immigration to ease the burden on local services;
- Local homes should be for local people first;
- Councils should cut highly paid council executives not front line staff and services;
- End wasteful EU and UK subsidies to 'renewable energy scams' such as wind turbines and solar farms;
- Local services should be properly funded instead of the EU.

Please vote for me on the 19th November
so I can use these beliefs to benefit you
and your family in Shaftesbury

PETER CAULFIELD
SHAFTESBURY WEST WARD
